

## **IMPORTANT INFORMATION FROM THE TRANSPORTATION SECURITY ADMINISTRATION-**

1. Passengers are prohibited from taking liquids, gels, and/or aerosols through the passenger screening checkpoint into the sterile area EXCEPT one clear transparent resealable 1 quart (1 liter) size plastic bag containing liquids, gels, and/or aerosols in **travel size** containers (**3.4 oz. /100 ml**) capacity or less per container. The contents of the plastic bag must fit comfortably and the plastic bag must be completely closed/sealed and subjected to x-ray inspection separate from passengers' carry-on bag.

2. Passengers may have the following items, but must declare them to TSA at the screening checkpoint if not contained in a clear transparent resealable 1 quart (1 liter) size plastic bag and/or **the size of the containers exceed travel size (3.4 oz./100 ml)**.

a. Baby formula/milk (to include breast milk) and baby food/**juice** in containers if a baby or small child is traveling

b. Medications (liquid, gel, and aerosol)

c. Liquids (to include juice) or gels for diabetic or other medical needs

3. Passengers may be subjected to secondary screening if they enter the screening checkpoint with liquids, gels, and/or aerosols on their person or in their carry-on bag.

4. Passengers are permitted to take liquids, gels, and/or aerosols purchased inside the sterile area, to include Duty Free items, onboard the aircraft.

5. Liquids, gels, and/or aerosols include beverages, shampoo, suntan lotion, creams, toothpaste, hair gel, hair spray, and other items of similar consistency.

6. Liquids (to include beverages), gels, and/or aerosols are prohibited from being taken into the sterile area through the screening checkpoint except as provided for below.

7. The Secretary of the Department of Homeland Security has determined that there is a high risk of terrorism against U.S. civil aviation, and the need for extra restrictions to assure the security of air travel. Passengers are advised to travel light.
